## SAFETY CHAMPION ★★ ★

Victor is a dedicated, hardworking man is that always at bringing his best to one of our Lake Forest locations. To further support my claim, I am pleased to give you details of my personal insights into why victor is our Safety Champion of 2022. A small fire started in one of the suites at the building. Victor was about to leave when he smelled smoke. He decided to check every corner of the building to make sure the smoke was not

coming from the inside the building. He found where the small fire was and called 911, as soon as possible. He saved the building from having a mayor fire and then stayed at the building, until he was able to clean everything up. This says a lot about Victor. His actions that day speak volumes of his dedication and placing safety as a priority, earning him Safety Champion, of 2022. Thank you, Victor!

## MUCH LOVE!

### Thank you, Vanessa Lugo!

Shout out to Vanessa Lugo from the Chicago History Museum for being a valuable member of The Crescent Team. Not only recognized by our own management team but praise from the CHM team has been flooding in just to tell us how critical and hardworking she is

“I wanted to send a note of appreciation for Vanessa Lugo’s help and hard work on the East Basement move project. Had it not been for her, we would not have achieved the outstanding result. The entire housekeeping staff has been incredibly helpful, but Vanessa has gone above and beyond to help us and keep our museum clean.”

## Steven Anderson

February 2022 Employee of the Month

Those who work with Steven Anderson, know that he is reliable, responsible and has a passion for his work. He's a good leader that is always willing to help when we need him to work different shifts. As a supervisor, he makes sure the crew has everything they need to complete their work as he completes his own assignments which include two floors, lobby, elevators, stairs and additional projects. His is having constant communication with his supervisor to report issues in the building. When asked Steven why he loves working with Crescent, his response,

"I like working for Crescent because they're a good company and my manager treats me with respect."

In his free time, he preaches the word of God, he's a minister.
